

Testimonials:

"I have bought nine of your devices. I have given them to family and friends who were not sleeping well. Feedback has been - sleeping like a baby ever since which has been wonderful".
Carol, Muriwai Auckland, N.Z.

"I suffered with, nightly pacing up and down, chronic insomnia for 10 years. The first night I placed your Negater beside the bed I slept and this has been the case ever since. Thank you!"
Hazel Stride, Orewa, N.Z.

"I am not sure how to thank you enough! We had - yes had! 2 eight year old boys (twins) waking up screaming every other night with what is known as night terrors. When we read that your Negaters helped with sleeping so we thought we would give it a try. It has been 3 weeks now with both sleeping through the night. Amazing!"
Julie. S, Palmerston North, N.Z.

Hi David and Margie.. Well I am very impressed with the products.. You know I have many energy tools in my truck and for me to experience the results of your products speaks well of them.. the most notable is the fact that it seems that I can drive for hours and hours and when I go to sleep after perhaps being awake for 24 hours I sleep well and wakeup before the alarm ever goes off and I found that I can feel rested and ready to go after 6 hours sleep when before I wanted about 8 hours of course that is not often possible in this profession..(Truck driver)

This is unbelievable-after 7 years of misery, itching and damaged skin, painful burning arms that no-one could identify-one night with my Life Energy device, and I slept like a baby, and can sit at my computer without tearing my arms to bits-where have you been all my life!!!! Thank you.
Barbi Speers, Napier.

.....Totally changed/improved sleeping pattern. this is a major breakthrough for me because previously I was awake ALL night.....
Margaret Lovell, U.K.

So far so good though I've only had the Negater for a day or so..I even felt when it arrived here in town as things felt different. very calming energy & seems to melt away fear / anxiety etc. really makes one realize how much EMF/elf wreaks havoc upon our existence when we are in proximity to one of these amazing tools. Thx for this beautiful invention.

Testimonials:

I have a dog from the SPCA and she was really timid and scared at first and now she is calm and so healthy and happy. since I've introduced her to the energy balancers. and she has her own by her bed! I've also purchased one of your Nu-Me Pendants to wear to work and I never take it off! I feel so good with it on.....
Vicki S. and K9, Auckland, N.Z.

Thanks so much for my p.e.bal - powerful - pain relief immediately for damaged elbow!
Lani Calkin, Auckland N.Z

The nu-me's and the p.e.bal arrived. They seem fantastic thus far. Impressive quality too (you never can tell ordering over the internet, but these are solid and very good looking). As well as powerful. My wife had never been able to feel energy fields before (from crystals etc), but felt it immediately from both the nu-me and p.e.bal.

Very happy with the pendant! I'm a skeptic so for it to work I have to notice it not just imagine it. However it works - I like the reduction in stress and increase of peace. Protection from EMF is simply a bonus to me.
